Relieving Principal: Mrs Michele Van Vliet

May 12, 2022.

Dear Parents/Caregivers,

This is just a gentle reminder that we have some students at our beautiful school who have diagnosed nut allergies and/or will have an anaphylactic reaction to nuts.

Anaphylactic reactions can be life threatening.

It is for these reasons I respectfully ask that you consider the contents of your child's lunch box each day and refrain from sending any nut products to school. This includes: peanuts, peanut butter, Nutella, muesli/nut bars or chocolates which may contain nuts.

We consider the safety of our students of utmost importance and hope that you respectfully understand this request.

Thank you so much for your consideration of this very important matter regarding the safety of our students.

Best wishes,

Mrs Michele Van Vliet
Relieving Principal
