Principal: Mr Scott Grenfell

25/7/22

Dear families, friends and community of Wallacia Public School,

I would like to take the opportunity to introduce myself to you all.

My name is Scott Grenfell and I am honoured and privileged to have been appointed as the new Principal of Wallacia PS.

I have been teaching for quite a long time, working across many schools throughout my career, starting with Guise at Macquarie Fields and including schools such as Leppington, Douglas Park and most recently Heckenberg where I was Relieving Principal. I have taught across all grades K-6 and have been in leadership roles including Assistant Principal, Deputy Principal Instructional leader, Assistant Principal of Wellbeing, Early Career Teacher Mentor and Relieving Principal for well over 20 years.

The last few years have certainly presented a great deal of uncertainty and change, with many challenges and obstacles thrown our way in schools. I understand that COVID, bushfires and flooding events have impacted significantly across the community and these have been further compounded for the Wallacia public school community with several staffing changes.

I hope to work closely with the school and wider community to create stability and success for the students and Families of our school community.

I am passionate about public education and have spent much of my career teaching in small schools. To be appointed as Principal of Wallacia Public School is an absolute dream come true.

I would like to warmly thank all of those people who I have met so far, everyone has been incredibly welcoming and I am looking forward to meeting and getting to know each and every one of you over the coming months and working closely with you all to become a part of the Wallacia community.

Scott Grenfell
Principal
